

From The Taconic State Parkway:

Coming North or South on the Taconic State Parkway, take the Bulls Head Road Exit (County Route 19) and proceed west. At 2.2 miles and the road turns into Slate Quarry Road. (You will not feel the name change or sense you are on a different road, but if you are paying close attention you will see the sign.) Keep going straight on Slate Quarry Road. At 4.5 miles you will take a left (South) onto Mountain View Road. At 6.5 miles you will see a Green mailbox on the left-hand side of the road (# 49) that says "Ashworth." The driveway is on the opposite side of the road so you will take a right onto a crushed stone driveway. You can't see the studio from the road but go up the hill and you will find us.
